Deadline for Structures Registration Extended

The Student Governance Office would like to invite all Student Structures/Associations/Organisations Chairperson's as Constitutional obligation to submit their applications from the 14 February 2024 – 01 March 2024.

This is an Annual Renewal process so that permission can be granted to Structures to perform their activities and programmes and be recognized by the office in preparation of the coming elections for 2024.

I hope you will find this in order.
